RE: Tybouts Landfill

Dear Sir:

Enclosed please find a copy of a memo outlining what the County proposes to do to hold you harmless from any claims arising from County employees operating your truck on weekends at the landfill site.

We hope that this arrangement will be satisfactory to all parties.

Very truly yours,

The Department of Public Works has a County employee operate a truck on Saturday afternoons and Sunday at the County Sanitary Landfill, which truck belongs to Land Redevelopment Company or J. T. Ward & Sons, Inc. This is a matter which is not provided for in the existing agreement between the County and the operator of the landfill. The operator of the landfill has requested protection against possible claim arising out of the above. In discussion with the County Executive, it was concluded that the best way to resolve this matter is for the County to provide liability insurance coverage. The County Executive has requested me to request you to obtain liability coverage protecting the County, Land Redevelopment Company and/or J. T. Ward & Sons, Inc. from liability arising out of the above described operation. Since the contract between the County and the landfill operator refers to liability insurance coverage in the amount of \$500,000/\$1,000,000, I feel that this coverage should be in the same amount.

If you need further details concerning the nature of the coverage to be insured, I suggest that you contact Uldis Karins of the Department of Public Works.
